

### ***Requirements for the translation of NOT-S to other languages:***

- Get in touch with the networks contact\* for information and to verify that a translation is not already under way into the language in question.
- Translations shall be made from the Swedish or the English version of NOT-S to the language in question and back to Swedish or English (back translation).
- The new translation should be sent to the networks contact for approval and publication on the Mun-H-Center homepage.

### ***The Network for oral motor function within NFH – the Nordic Association for oral Health***
